

Instructions For Use

Restaurant Safety Cutter - RSC432

Retractable safety hood conceals blade

Push button to release protective hood

Tape Splitter

Always keep body parts from touching the box while cutting.

Keep hands on the opposite side of the box top you are cutting.

Built-in tape splitter.

Push button forward to expose the blade.

Continue your cut, letting friction of box maintain blade exposure. Blade guard will automatically relock at the end of the cut.
